## Summary

An experienced developer with a demonstrated history of learning and implementing programming languages. I am skilled at solving problems with HTML, CSS, JavaScript, Node.js, React, SQL, Java, MySQL, spring framework, and Python! I am focused on being a valuable part of any team I am on and believe in the team rising together. I am passionate about writing engaging articles that keep my readers learning and improving their lives and careers. I am currently a Native at Semicolon where I am acquiring the training to be a sought-after software engineer.
